The prioritization of significant health needs of the community is

identified and the methodology for prioritizing each need is described on page 76 of the 2019 CHNA.

Tanner's priority topics for the FY 2020-2022 Implementation Strategy are:

(1) Access to Care; (2) Healthy and Active Lifestyles and Education; (3)

Chronic Disease Education, Prevention and Management; (4) Mental/Behavioral Health; (5) Substance Misuse; (6) Social Determinants of Health. Tanner's long-standing commitment to the community is deeply rooted in its mission.

The organization remains committed to improving the community's health, not only through daily patient care activities but also outreach, prevention, education and wellness opportunities. Tanner is dedicated to making west Georgia a healthier place to live, learn, work, play and grow. With the help of community partners, Tanner has successfully implemented programs that help west Georgia residents with the healthcare and preventive services they need. Described below are the steps taken to meet the significant health needs identified in Tanner's FY 2019 CHNA by Community Health Implementation Strategy priority area.

ACCESS TO CARE:

Tanner continued to develop new clinical programs to expand treatment capabilities and ensure a full continuum of coverage and optimal disease management. During FY 2020, Tanner opened the 130,000-square-foot Tanner Health Pavilion, housing a variety of medical services, including Tanner

Internal Medicine, a pharmacy and more. With a focus on wellness, the

facility has park-like grounds, a trailhead to the Carrollton GreenBelt,

including a new connection to a GreenBelt spur to downtown Carrollton.

In October 2018, Tanner opened a Neonatal Intensive Care Unit (NICU) at

Tanner Medical Center/Carrollton. The unit has seen 128 admissions over the
past two years, with an average census of 4.5. That census is growing,
indicating increased need/use by our community, with our most recent
monthly census at 8.9. In October 2019, Tanner received state approval to
expand its cardiac services to include an open-heart surgery program. In FY
2020, Tanner also opened a new location for the Buchanan Medical Clinic in
Haralson County. In addition, Tanner completed the construction of the
Birches at Villa Rica, an independent and assisted living facility, in FY
2021. The Birches, which is fully incorporated into a full-service regional
health system, is helping overcome one of the greatest challenges for
senior living residents: access to medical care.

Additional clinical services added during FY 2020 and FY 2021 include: a

Direct Access Colonoscopy Screening Program, allowing patients meeting

clinical criteria to schedule a colorectal cancer screening without a

physician office visit beforehand; MRI Fusion Prostate Biopsy, which allows

for Urologists to use a computer navigation system for precision biopsy of

cancer tumors, a service previously unavailable for patients in Tanner's

service area; Endoflip Esophageal Diagnostic Technology, a device that

The COVID-19 pandemic forced telemedicine to an even more important role in curbing the exposure to and transmission of infectious disease while helping keep our front lines safe and ensure they have the resources to respond adequately to the challenges presented by COVID-19. Through assistance from the Federal Communication's Commission (FCC) COVID-19 Telehealth Program grant in 2020, Tanner has been able to expand its existing telemedicine platform through InTouch Health, to include additional specialties and locations, and new remote patient monitoring technologies through Vivify Health, all integrated with Tanner's newly launched electronic health record, EPIC. Tanner utilizes its telehealth _platform to expand inpatient, outpatient, and post-acute care services to all patients throughout the community. Tanner's inpatient teams use robots and tablets integrated into the telehealth platform to allow remote specialists to consult patients for complex conditions relating to Psychiatry, Maternal Fetal Medicine, Internal Medicine, and Emergency Medicine. All of Tanner's Medical Group practices have the ability to complete patient visits via telehealth. Inpatient and Ambulatory Care Schedule H (Form 990) 2020

Management can now assign patients a remote monitoring kit as patients discharge for hospital care to ensure close tracking of vital signs as patients convalesce in their homes. The Intouch platform and devices integrate to allow Tanner's teams to schedule and launch visits out of EPIC for improved clinician workflows. The integration also provides an added layer of security to ensure the visits are tied to a specific patient. The remote patient monitoring technology from Vivify also integrates with EPIC to allow for patient information to flow across for registration into the Vivify system.

Tanner's expansion of its telehealth platform has freed up resources to manage our current reality through several key measures. Telehealth has <u>supported physical distancing efforts to reduce COVID-19 virus transmission</u> and ensured care availability to those who need it most by triaging lowrisk urgent care. It has also provided follow-up appointments for chronic disease and behavioral health patients who may require routine check-ins. By reducing unnecessary visits to health care environments, Tanner's expanded telehealth platform aims to curb the exposure to and transmission of infectious disease while helping to keep our front lines safe and ensure they have the resources needed to take on the challenges presented by COVID-19.

In February 2021, Tanner partnered with West Georgia Ambulance to launch a community paramedic program in Carrollton. As part of the program, paramedics make daily home visits to assess a patient's health within 24 hours of being discharged from the hospital

Tanner's medical staff determines the number of visits required. During each visit, paramedics assess the home environment and check the patient's vitals.

They also determine if the patient is complying with discharge instructions, medications and protocols based on their diagnosis. The goal of the program is to reduce the likelihood of readmissions immediately after discharge.

The number of medical providers available in a community directly impacts that community's ability to access care. Tanner's primary service areas of Carroll, Haralson and Heard counties are medically underserved and health professional shortage areas. To combat this problem and improve access to medical care in the region, Tanner continued to recruit more physicians to practice in the area, enabling patients to choose from a greater number of providers in an expanded field of specialties. During FY 2020, Tanner welcomed 10 new physicians to its medical staff, representing specialties in obstetrics and gynecology, psychiatry, vascular surgery, addiction, and <u>cardiology</u>. During FY 2021, Tanner welcomed 15 new physicians and 11 advanced practice providers to its medical staff, representing specialties in anesthesia, cardiology, family medicine, internal medicine, neurology, obstetrics and gynecology, psychiatry and radiation oncology. Tanner also provided five "Future of Health Care" scholarships in FY 2020 to students from across the region that are enrolled in medical school or advanced practice provider programs, and also offered clinical, educational

opportunities for nursing students at the University of West Georgia and West Georgia Technical College throughout the health system's hospitals and clinics. In addition, Get Healthy, Live Well is connecting senior nursing students at the University of West Georgia to a variety of community health opportunities in west Georgia through a preceptorship program that will help them increase knowledge and gain skills in community health work. Each nursing student is required to complete 20 hours of programming assistance with Get Healthy, Live Well. In FY 2020, 124 nursing students participated in the preceptorship program, completing over 2,250 hours. In FY 2021, 65 nursing students participated in the preceptorship program, completing over 1,300 hours.

Tanner is committed to providing financial assistance to persons who have healthcare needs and are uninsured or underinsured, ineligible for a government program, and otherwise unable to pay for medically necessary care based on their financial situations. Consistent with its mission to provide quality health care to all citizens, Tanner strives to ensure that the financial capacity of people who need healthcare services does not prevent them from seeking or receiving care. During FY 2021, Tanner Medical Center, Inc. provided more than \$24 million in charity and indigent care (at cost). Tanner also works closely with and provides financial support to two community-based indigent clinics, the Rapha Clinic and Latinos United Carroll County Clinic. The clinics provide low-cost and free medical services to area residents who otherwise could not afford care.

of Existing Resources task force continued to promote and update a new, comprehensive community resource guide and telephone support line:

gethealthyharalson.org and 678-647-HELP (4357). In FY 2020, an additional texting capacity was added, allowing one to text HCHELP to 555888 to receive the guide through text messaging. The texting feature was removed because of lack of use. Only 38 callers utilized the text feature within 12 months. The annual cost for the service was over \$400.

Educational training has been provided to over 40 task force members and 35 community members representing 77 local organizations on the resource guide tools to help connect their clients, students or employees to needed community resources.

HEALTHY AND ACTIVE LIFESTYLES AND EDUCATION:

Tanner has a long-standing commitment toward advancing community health and successfully developing and implementing population health approaches to best meet the needs of the communities it serves, employing a variety of strategies aimed at the deterrence, early detection and minimization or cessation of disease at the population level. In 2012, Tanner established Get Healthy, Live Well, a multi-sector coalition with more than 35 task forces consisting of more than 600 community volunteers and more than 270 local, state and national partners. Get Healthy, Live Well is engaging people, ideas, and resources to develop and implement various evidence—based interventions to reduce chronic disease risks and promote healthy lifestyles for the 151,000 residents of Carroll, Haralson and Heard counties. Taskforce memberships include representatives from county and city governments, parks and recreation departments, school boards and

of the communities Tanner serves. Additional information on Get Healthy,
Live Well can be found at gethealthylivewell.org.

During FY 2021, more than 9,700 individuals were touched by a Get Healthy,
Live Well program, health screening or other community-based educational
events (i.e., Advancing Your Health Education Series, task force meetings,
etc.). The programs, screenings and events focused on a wide range of
subjects so participants could learn more about their health and how to
live well. More health education was provided through Tanner's sponsorship
of the "Community Voice" radio program, which featured several physicians
and health professionals discussing and taking calls on a wide range of
subjects. Tanner provided and/or sponsored several support groups on a wide
range of diseases/topics, including breast cancer, cancer, diabetes,
Parkinson's and grief, in which more than 400 people attended during the
year.

Get Healthy, Live Well implemented a variety of efforts to reduce exposure to secondhand smoke and reduce tobacco use among youth and adults during FY 2020 and 2021. An interactive vaping awareness seminar was developed and conducted in December 2019, reaching over 1,100 students and faculty at Schedule H (Form 990) 2020

were offered, reaching 117 residents during FY 2020 and 2021. Tanner also

provided technical assistance to the Bremen Housing Authority in adopting a

100% smoke-free policy, impacting 46 housing units and 70 residents.

Get Healthy, Live Well continued to implement a variety of interventions to increase access to physical activity opportunities in the community. Get Healthy, Live Well continued its partnership with the West Georgia Track Club to implement Move It Mondays, an eight-week program designed to turn walkers into joggers. During FY 2020, 391 individuals participated in the program. During FY 2021, 183 individuals participated in the program. In September 2019, Tanner Health System presented the Carrollton Half Marathon, in partnership with the City of Carrollton and the West Georgia Track Club, helping showcase the Carrollton GreenBelt with over 600 race participants.

Get Healthy, Live Well's West Georgia Regional Food System Collaborative continued to work on increasing the accessibility, availability, affordability and identification of healthy foods in the community. Get Healthy, Live Well has worked with four area food pantries to improve the nutritional quality of the food donated and served and provide education to clients on how to use their limited funds to purchase and prepare healthier foods. (CCC), Bowdon Area United Christian Ministries and Open Hands - who collectively serve over 1,500 families per month. The leadership of these food pantries have convened multiple times and developed guidelines to increase the nutritional quality of their food donations. During FY 2020, the CCC formally implemented a food policy related to increasing the healthy food donations disseminated to food patrons and continues to uphold the fidelity of this policy and promote it to additional food banks in the region. The Bowdon Area United Christian Ministries' "First Friday" Pop-up Market, held once a month from April to October, was held in conjunction with food pantry giveaway days, with the market slogan "Take What You Want, Pay What You Can, Eat What You Take." Get Healthy, Live Well provided nutrition education and cooking demonstrations during these pop-up markets. The Bowdon Pop-Up Market has served approximately 60 individuals per month during FY 2020. Through a partnership between the Atlanta Community Food Bank (ACFB) and their mobile food market, during FY 2021, 255 residents have been served from fresh produce boxes totaling 12,900 pounds of fresh produce distributed on 118 giveaway days, engaging approximately five volunteers per giveaway day to help with distribution. During FY 2020 and 2021, Get Healthy, Live Well's Healthy Haralson sub-committee joined forces <u>with over 20 organizational partners for the Hands on Haralson Community</u> Week of Service. Volunteers who participated in the event helped build community gardens and provide services to seniors and senior shut-ins, with over 100 community volunteers participating each year.

During FY 2020, two six-week Cooking Matters class series were held,

reaching 26 low-income residents. Classes were held at the Heard County

Senior Center and Tallatoona Head Start in Haralson County. Due to the

COVID-19 pandemic, additional Cooking Matters programming in FY 2021 had to

be canceled due to stay-at-home orders and social distancing quidance. The

Cooking Matters program has had a significant impact on participants'

nutrition knowledge and behaviors. Several low-income adults reported how

the course has helped them buy healthier meals with their SNAP benefits,

further supporting their families' health and food security.

Get Healthy, Live Well continued implementation of Kids' N the Kitchen, an interactive teaching kitchen program for grades K-8 designed to help teach students healthy cooking skills and improve their nutrition. During FY 2020, Kids' N the Kitchen implemented 77 programs (lessons), reaching 3,322 children in five different schools. This program was impacted greatly by COVID-19, as local schools were closed on March 13 and remained closed during the close of the school year in May 2020. During FY 2021, Kids' N the Kitchen implemented 60 programs (lessons), reaching 2,551 children in five different schools. A notable outcome includes the ongoing reporting by teachers and parents about the positive impact the programming has had in <u>influencing</u> healthy eating behaviors among children/families and increasing their knowledge about the connection between diet and health. In addition, Get Healthy, Live Well implemented its interactive Kid's Exhibit healthy _lifestyle education programming on eight different occasions in local schools, reaching 1,476 students during FY 2020. Kid's Exhibit programming was halted for FY 2021 due to the COVID-19 pandemic.

region to help us supply the fresh fruits and vegetables needed for healthy communities. Although we need new farmers, the barriers would-be farmers face when trying to grow new agricultural businesses from the ground up can be formidable. In partnership with the UGA Extension, the West Georgia Regional Food Collaborative aims to mitigate these barriers through enhanced farmer education programming and opportunities in the region. Completers of the Journeyman Farmer Certificate Program have the opportunity to participate in a 20-hour Journeyman Farmer mentorship with local farmers to help improve their build and/or improve their farm operations. At the completion of the mentorship program, participants have the opportunity to apply for an 80-hour working internship on a local farm. During the first year of the program in 2018, 44 new or beginning farmers completed the Journeyman program, including three (3) individuals who completed the mentorship program. In February 2019, 10 individuals completed the Journeyman Farmer Certificate Program, focusing on small ruminant production. From post-surveys, the majority of participants reported overwhelmingly positive feedback about the program format and material covered. Two individuals completed the Journeyman Farmer Mentorship program in June 2019, reporting positive feedback on the program and significant gains in hands-on knowledge of small ruminant farming. One participant stated in an evaluation form: "This is a valuable program for novice farmers. I did not find one or two aspects beneficial; I found the entire program beneficial!" In February 2020, 22 individuals completed the <u>Journeyman Farmer Certificate Program</u>, focusing on fruit and vegetable _production. Session topics included: honeybees and pollinators; small ruminant production; vegetable crop scheduling; marketing; vegetable pests; nuisance animals; irrigation; fruit tree and vegetable farm; wine grapes; and pasture/grazing. Participants also had the opportunity for local farm tours during the conference.

In addition to expanding its walking trails, Tanner expanded the Carrollton GreenBelt through its campus with a trailhead at the Tanner Health

Pavilion, which includes a new connection to a GreenBelt spur to downtown

Carrollton. Tanner also opened Adams Park at the pavilion, where there is green space and a unique water feature fostering wellness.

Tanner also opened a new green space at The Birches in Villa Rica, an independent and assisted living facility.

Chronic Disease Education, Prevention and Management:

Tanner has been proactive in encouraging residents to undergo recommended health screenings based on a variety of factors (including age, health habits, lifestyle, etc.) using emails, direct mail pieces, flyers, exposure at community events and more to raise awareness. The health system has encouraged residents to make use of free online health risk assessments for a variety of health conditions - including diabetes, heart disease and colorectal cancer. Get Healthy, Live Well has held six screening events during FY 2020 through partnerships with six faith-based organizations, offering blood pressure screenings and healthy lifestyle education,

Breast cancer is the most common type of cancer diagnosed in west Georgia women, and early detection is key to successfully battling the disease.

That's why Tanner's Mammography on the Move digital mammography unit hit the road, removing barriers of time, awareness and access that prevent women from getting mammograms. The mobile unit visited 121 different regional locations sites during FY 2020, with locations that included community events, indigent clinics, businesses, churches, civic groups and more, providing 599 mammograms and 109 bone density exams to area women.

The mobile unit visited 159 different regional locations sites during FY 2021, with locations that included community events, indigent clinics, businesses, churches, civic groups and more, providing 912 mammograms and 150 bone density exams to area women.

Initial evaluation results show potentially significant improvements in biometric results (BMI, A1C, blood pressure) and efficacy to better manage their disease by the end of the one-year program.

Get Healthy, Live Well continued to expand its community-clinical linkages (CCL) model that creates a bridge between the clinic or doctor's office and its evidence-based programs. These programs include the National Diabetes Prevention Program, Living Well with Diabetes, Living Well with Chronic Disease, Freshstart tobacco cessation and Tai Chi for Health.

Nearly 100 clinicians provided referrals during FY 2020 and FY 2021. In addition, during FY 2021, Get Healthy, Live Well's National Diabetes Prevention Program subsequently achieved CDC Full Recognition status in October 2020 after receiving an average of 5.5% participant weight loss at the end of 12-month instruction.

treatment options both within and outside Tanner's continuum of care.

Willowbrooke at Tanner continued developing and providing specialized

therapies to its patients during the year, including expressive therapy,

rhythmic therapy, animal-assisted therapy and equestrian therapy.

Willowbrooke at Tanner has a strong history of successfully collaborating with other agencies, including law enforcement, area juvenile/truancy courts, the Department of Family and Children's Services, the Department of Juvenile Justice, physical offices and schools. Willowbrooke staff and administration frequently attend community meetings with these agencies and organizations, allowing for the identification of community needs to be shared and for Tanner to get involved with assistance when necessary.

(3) Chronic disease education, prevention and management; (4) Mental/Behavioral Health; (5) Substance Abuse; and (6) Social determinants of Health. Tanner's long-standing commitment to the community is deeply rooted in its mission. The organization remains committed to improving the community's health, not only through daily patient care activities but also outreach, prevention, education and wellness opportunities. Tanner is dedicated to making west Georgia a healthier place to live, learn, work, play and grow. With the help of community partners, Tanner has successfully implemented programs that help west Georgia residents with the healthcare and preventive services they need. For a detailed description of the steps taken to meet the significant health needs identified in Tanner's FY 2016 CHNA, see the FY 2019 CHNA, in the community impact section, located on Tanner's Web site at https://www.tanner.org/community health needs assessment. As an outcome of the prioritization process for the FY 2016 CHNA, and taking existing hospital and community resources into consideration, several potential health needs or issues flowing from the primary and secondary data were not identified as significant current health needs and were not advanced for consideration for the FY 2020 Implementation Strategy. Concerns were identified in the CHNA regarding lack of dental <u>services in the west Georgia region</u>. While not directly addressed in Tanner's Implementation Strategy, Tanner will continue to partner with local dentists and oral surgeons to provide urgent dental care in the health system's emergency departments and clinics, along with working <u>collaboratively with providers, social service and community organizations</u>

to promote routine dental care. Tanner also provides financial assistance

Other costs were obtained from the organization's accounting records which utilizes the CBISA cost accounting software.

Part II - Community Building Activities

At Tanner, efforts to promote the health of the communities it serves go beyond providing health services. Tanner takes a proactive approach to address the social determinants of health and the underlying root causes of poor health. Tanner does this by supporting the World Health Organization's definition of health as a state of complete physical, mental, and social well-being and not merely the absence of disease or infirmity. Tanner provides a variety of community-building activities to strengthen the community's capacity to promote the health of well-being of its residents.

Representing some of the largest employers in their communities, Tanner's

hospitals actively participate in and contribute to local chambers of

Part VI, Line 2 - Needs Assessment

All of Tanner Medical Center, Inc.'s tax exempt hospitals assess the healthcare needs of their respective communities once every three years. Tanner's CHNA is an organized, formal and systematic approach to identify and address the needs of underserved communities across Tanner's geographic footprint. The CHNA quides the development and implementation of a comprehensive plan to improve health outcomes for those disproportionately affected by disease. This CHNA also informs the creation of an Implementation Strategy for future community health programming, and community benefit resource allocation across Tanner's hospitals. As a nonprofit organization, Tanner's CHNAs align with quidelines established by the Affordable Care Act and comply with Internal Revenue Service (IRS) requirements. In FY 2019, Tanner Medical Center, Inc.'s two acute care hospitals - Tanner Medical Center/Carrollton and Tanner Medical Center/Villa Rica - and Tanner's critical access hospital, Higgins General Hospital in Bremen, each completed a comprehensive Community Health Needs Assessment (CHNA) to further identify the health needs of their communities. were completed in FY 2013 and FY 2016. These comprehensive, multifactor assessments included the collection and analysis of quantitative data, as well as qualitative input directly from residents gathered through key informant interviews, community listening sessions and focus groups. Through the CHNA process, Tanner has identified the greatest health needs among each of its hospital's communities, enabling Tanner to ensure its resources are appropriately directed toward outreach, prevention, education and wellness opportunities where the greatest impact can be realized. In selecting priorities, Tanner considered the degree of community need for additional resources, the capacity of other agencies to meet the need and the suitability of Tanner's expertise to address the issue. In particular, Tanner looked for health needs that require a coordinated response across a range of healthcare and community sectors. Responding to key CHNA findings, the priority areas to be addressed during fiscal years 2020 2022 by Tanner Medical Center, Inc. include: (1) Access to Care; (2) Healthy and Active Lifestyles and Education (3) Chronic Disease Education, Prevention and Management; (4) Mental/Behavioral Health; (5) Substance Misuse; and (6) Social Determinants of Health.

In July 2020, a 12-month pilot program for a new innovative Food As Medicine program was launched, providing 26 participants (low-income, food-insecure patients with - A1Cs greater than 8.0 - and hypertension) with free, nutritious food and a comprehensive suite of diabetes, social and environmental services. Food As Medicine participants are provided support that includes nutritionist and Certified Diabetes Educator (CDE) consultations, diabetes self-management classes and healthy cooking classes in a newly built teaching kitchen. They're also provided with ongoing care coordination/navigation and are allowed to visit the program's new Healthy Food Farmacy twice per month to receive 10-30 pounds of healthy food based on household size. A comprehensive evaluation of the Food As Medicine program is being provided by an external evaluation team from the University of West Georgia's Department of Health and Community Wellness. COVID-19 RESPONSE:

On March 16, 2020, Governor Kemp declared COVID-19 a public health

emergency for the State of Georgia, effective March 14, 2020, the firstever public health emergency declared in the state. Tanner's efforts to

respond to the COVID-19 public health emergency in FY 2020 and FY 2021

included a variety of activities to help ensure the highest quality of care
for our communities and safe work environments for our employees. These
activities were clear changes to operational and clinical norms targeted to
identify, isolate, assess, transport, and treat patients with COVID-19 or
persons under investigation for COVID-19.

Tanner Health System employed a variety of emergency protective measures as a result of the COVID-19 pandemic, with a variety of activities at each of its hospital facilities related to the management, control, and reduction of the pandemic's immediate threat to public health and safety, including:

establishing an emergency operations center (EOC) to serve as a primary hub

Tanner also quickly assessed its inventories of critical infection

prevention supplies and chemicals which included pandemic-designated

supplies from its emergency preparedness efforts. Personal protective

equipment (PPE) such as face masks, shields and gowns - as well as cleaning

and disinfecting materials - were at the top of not only Tanner's list but

also that of many consumers and other hospital systems. For those high

priority needs, Tanner found support close to home from its community,

including individuals and corporate citizens. For example, thousands of

cloth face masks were hand or machine-stitched and donated by volunteers

throughout the region for use by patients and staff. Dozens of neighbors

volunteered to make special plastic face shields for Tanner staff to

provide protection during patient care from respiratory droplets associated

meals were donated from the community to support front-line healthcare workers. Since the first COVID-19 vaccine approvals in December 2020, Tanner has been committed to following quidance from the Centers for Disease Control and Prevention (CDC) and the Georgia Department of Public Health to take a leadership role in vaccinating the community. After inoculating its healthcare team, the health system began making the vaccine available to those 65 and older. Tanner administered both the vaccines that have received emergency use authorization from the Food and Drug Administration (FDA), from biotech firms Moderna and Pfizer-BioNTech. Both vaccines require two doses to achieve 95% effectiveness. Tanner implemented multiple vaccination clinics as doses of the vaccine arrived at multiple locations in west Georgia, catalyzing regional partnerships to provide venues for vaccine administration, including area churches. The health system established an online form for patients and caregivers and community members to provide their information to be signed up for vital COVID-19 information, including upcoming vaccination clinics. As of Sept. 10, the

health system has administered over 19,000 doses of the COVID-19 vaccine.

Tanner Health System led or participated in a range of community-focused activities to share expertise and updates on patient activity - from infection rates to patient deaths - with key leaders and the community as a whole throughout the community. These included a weekly meeting of community coalition members from schools, emergency response and local government officials and periodic virtual panel presentations by physicians and school officials to update the community and address questions about the pandemic and vaccines.

In addition, in FY 2021, a separate COVID-19 task force of Get Healthy,

Live Well's Healthy Haralson coalition was established to better respond to
the needs of the Haralson County community during the pandemic. Efforts
included additional food donation support to the CCC to respond to the
increased food demand during the pandemic. In addition, over 450 washable
masks were donated to elementary school students, and touchless water
dispensers were installed at four local schools.

The prioritized needs identified through the comprehensive CHNA - which included collection of secondary public health data, community listening sessions, interviews and focus groups - each have representation in Tanner's FY 2020-2022 Implementation Strategy. Through ongoing community collaboration through the Get Healthy, Live Well coalition and diverse community partners, Tanner hopes to make a significant impact on addressing the key needs identified in the FY 2019 CHNA process.

Patients with large, medically necessary medical bills which have created a financial hardship are considered for a sliding scale discount. The lower the patient's discretionary income and the higher the healthcare bills allows for more charity allowances. Patients whose family income exceeds two times the applicable FPG may also qualify for sliding scale discounts on medically necessary services. Tanner Medical Center, Inc. delivers care to diverse communities across
west Georgia. Following is a summary and demographics of the communities
served by Tanner. Tanner hospitals define the community as the geographic
area served by the hospital, considering its primary service area. The
primary service area for all three of Tanner's hospitals - Tanner Medical
Center/Carrollton, Tanner Medical Center/Villa Rica and Higgins General
Hospital in Bremen - includes the geographic areas of Carroll, Haralson and
Heard counties, covering 1,077 square miles of predominantly rural area

(53% rural) with a total population of 161,707 (U.S. Census Bureau, 2019).
Carroll, Haralson and Heard counties consist of rural and suburban
communities whose health needs are met by a mixture of hospital systems,
private practices, rural health clinics, indigent clinics and other social
services. The proximity of Tanner's acute care hospitals (within a 12-20
mile radius of each other) - Tanner Medical Center/Carrollton and Tanner

Tanner Medical Center is a nonprofit organization dedicated to improving the health of the communities it serves. That's why Tanner reinvests all of its surplus funds from its operating and investment activities to improve access to care, expand and replace existing facilities and equipment and invest in technological advancements. The health system also reinvests its surplus funds to support community health programs and advance medical training, education and research.

Medical staff privileges are open to physicians whose experience and training are verified through a credentialing process. The process gathers and verifies credentials, allows the medical staff to evaluate the applicant's qualifications, previous experience and competence, and ultimately decide to grant or deny medical staff privileges.

To the benefit of the community, Tanner Medical Center, Inc. is governed by a board of directors. The majority of the board is comprised of persons who reside throughout Tanner's primary service area and who are neither employees nor contractors of the organization (nor family members thereof).

The Tanner Medical Center, Inc. Board of Directors ensures that the health system develops programs to address the disproportionate unmet healthrelated needs of the communities it serves. The board is also responsible for ensuring community benefit initiatives are developed to promote the broad health of the community. The board establishes key measures of system-wide community benefit performance and receives regular reports on progress toward established goals. In fulfilling these responsibilities, in FY 2014, the board designated a Community Benefit committee. The committee includes at least three board members, with a majority representation from a range of community stakeholders who have expertise in certain areas. These areas include the characteristics and history of local communities with disproportionate unmet health-related needs, clinical service delivery, analysis of service utilization and population health data, primary preventive health initiatives, social services, youth and family services, finance and accounting. The Community Benefit committee of the <u>board participates in establishing program priorities based on community</u> needs and assets, developing the hospital's community benefit implementation strategy and monitoring progress toward identified goals. Schedule O (Form 990 or 990-EZ) 2020 Employer identification nur Tanner Medical Center, Inc 58-1790149 to residents of West Georgia and surrounding areas. Admitting physicians are primarily practitioners in the local area and employed physicians. Tanner Medical Center, Inc. includes the following: Tanner Medical Center/Carrollton, established to provide comprehensive healthcare services through the operation of a 180-bed acute care hospital in Carrollton, Georgia. Form 990, Part VI, Line 3 - Management Delegated Cypress Healthcare Partners, LLC, an unrelated organization, is a consulting firm providing management services to Tanner. Cypress Healthcare Partners, LLC assigned William Hines as Chief Administrative Officer. Service provided by William Hines includes directing various departmental operations (TMC Engineering, Dietary, Human Resources etc.), managing physician practices, and hospice and home health operations. Form 990, Part VI, Line 11b - Organization's Process to Review Form 990 The organization's Accounting Department gathers information for the preparation of the Form 990 and consults with the CFO and Compliance Officer on certain matters. Prior to filing with the IRS, a draft copy as prepared by the external accounting firm is reviewed by the CFO for accuracy. Once corrections are made, the final version is distributed to all voting board members via electronic means prior to filing with the IRS. Form 990, Part VI, Line 12c - Enforcement of Conflicts Policy The policy covers all employees, suppliers, medical staff and volunteers. Conflicts are reviewed by the Compliance Officer for resolution. The compliance officer then consults with the executive team and the CEO for Page 1 of 3

Per the policy, any person with a conflict will excuse themselves from the decision making process completely. physically leave the room when discussions occur that are potential conflicts. Tanner bids out services and if a company owned by a board member chooses to bid, there are additional steps for transparency, such as advertising the bidding process in the newspaper. All services are compared to fair market value. Transactions involving any potential conflict of interest are handled by the attorney to make sure all steps are taken to comply with the conflict of interest policy. Form 990, Part VI, Line 15a - Compensation Process for Top Official The organization's compensation committee reviews recommendations and approves compensation packages for all senior management. TMC uses an outside nationally known compensation and benefits firm that uses survey information, reviews job standards, etc. for all senior management. The outside firm analyzes comparable compensation data for similarly qualified persons in functionally comparable positions at similarly situated organizations and presents the data to the compensation committee. With respect to deliberations and decisions regarding the compensation arrangement, official minutes are kept. The executive assistant to the CEO maintains the minutes. This process is completed every year in March. Form 990, Part VI, Line 15b - Compensation Process for Officers See narrative for line 15a.
