

Naming Opportunities: Tanner Heart Care

Tanner Heart & Vascular Specialists and the Adams Heart Center at Tanner provide a wide range of services for patients with heart disease and other vascular disorders, with state-of-the-art technology and high-quality, comprehensive heart care.

Our cardiologists have offices in Carrollton, Villa Rica, Bremen and Wedowee, making quality cardiac care more accessible for our patients.

Choose the naming opportunity that's right for you

Whether honoring a loved one or your family — or aligning your organization with our mission — you have options that build your legacy and support Tanner Heart Care's uncompromising approach to fighting heart and vascular disease.

Position Naming Opportunities supporting Tanner Heart Care

Endowed Chair(s), \$1.5 million

Available Spaces: 1

An endowed chair is a special appointment, carrying considerable prestige and demonstrating a strong commitment from the donor and the health system to an area of service. Each endowed chair is funded through an endowment established by the donor for a specific purpose.

Interior Naming Opportunities within Adams Heart Center at Tanner

Structural Heart Suite, \$250,000

Available Spaces: 1

Our interventional cardiologists and heart surgeons work together with heart failure specialists and imaging experts to diagnose and treat structural heart conditions. Using minimally invasive techniques to repair heart valve problems our Structural Heart Suite offers better patient outcomes; shorter hospital stays and faster recovery than open heart surgery.

Cath Lab Suite, \$250,000

Available Spaces: 3

In the Cath Lab Suite, our experienced cardiac catheterization team performs procedures using balloons, stents, and other devices to open blocked, or repair damaged blood vessels of the heart or body. These procedures often help patients avoid the need for surgery.

Waiting Room, \$100,000

Available Spaces: 1

As the first touch-point in our coordinated approach to patient-centered care, the waiting room area greets thousands of patients and visitors each year, serving as a welcoming location for families and friends to meet when visiting or waiting for a patient.

Additional naming opportunities

EP Suite, \$250,000

Available Spaces: 1

Nuclear Camera Room, \$100,000

Available Spaces: 1

Physician's Office(s), \$50,000

Available Spaces: 8 (Carrollton); 9 (Villa Rica)

Patient Exam Room(s), \$25,000

Available Spaces: 24 (Carrollton); 22 (Villa Rica)

A naming gift can be pledged or paid in installments over a five-year period. Donation minimums for naming opportunities are based on space size, use and visibility to patients, visitors, staff and the public. Donors with cumulative gifts of \$25,000 and more are permanently recognized in our Water Oak Society level of donors.

Once half of the naming gift commitment is received, all physical spaces will be identified by a Tanner-approved plaque with lettering that corresponds to the donation level. Plaque examples are available upon request.

Additional benefits provided based on donation level: Press release, public ribbon cutting ceremony and reception with invited guests and Tanner leadership; private dedication ceremony with key staff, leadership and invited guests; donor meet-and-greet with key staff.

Let's discuss how you can join us in this unique, meaningful effort to support heart care close to home. Call Tanner Foundation at 770-812-GIFT (4438) or email Executive Director Nichole Fannin at nfannin@tanner.org.
